MONEY

The diagram illustrates a chromosome with four distinct regions, each represented by a pair of vertical lines (chromatids) connected by a horizontal line (centromere). The regions are labeled as follows:

- cp** (centromeric pair): The topmost region, consisting of two vertical lines connected by a horizontal line.
- sp** (subcentromeric pair): The second region from the top, consisting of two vertical lines connected by a horizontal line.
- gp** (genomic pair): The third region from the top, consisting of two vertical lines connected by a horizontal line.
- pp** (pericentromeric pair): The bottommost region, consisting of two vertical lines connected by a horizontal line.

The entire chromosome structure is shown within a rectangular frame.
