_____ %

The figure displays four dot plots, each representing the distribution of 'CARGAS' (Tons) for a specific year. The horizontal axis for all plots ranges from 0 to 100, with major tick marks every 10 units. The vertical axis is labeled 'CARGAS' and includes a '#' symbol, indicating the frequency of observations at each point.

- 1990:** The distribution is U-shaped. There are 4 dots at 10 tons and 4 dots at 90 tons. No dots are present at other values.
- 1991:** The distribution is U-shaped. There are 4 dots at 10 tons and 4 dots at 90 tons. No dots are present at other values.
- 1992:** The distribution is U-shaped. There are 4 dots at 10 tons and 4 dots at 90 tons. No dots are present at other values.
- 1993:** The distribution is U-shaped. There are 4 dots at 10 tons and 4 dots at 90 tons. No dots are present at other values.
